CONTENTS

BREEDING AND GENETICS

Agonistic and Nonagonistic Behaviors of Pullets of Dissimilar Strains of White Leghorns When Kept Separately and Intermingled. Y.-P. Lee and J. V. Craig .................................................. 1759

Evaluation of Egg-Laying Strains of Chickens in Different Housing Environments: Role of Genotype by Environment Interactions. Y.-P. Lee and J. V. Craig, .................. 1769

Selection for Egg Mass in the Domestic Fowl. 2. Packed Sperm Volume; Fertility and Hatchability Responses. H. L. Marks .......................................................... 1782

Selection for Egg Mass in the Domestic Fowl. 3. Changes in Shell Strength. K. W. Washburn, G. S. Brab, and H. L. Marks .................................................. 1788

EDUCATION AND PRODUCTION

Factors Affecting Broiler Breeder Performance. 4. The Interrelationship of Some Reproductive Traits. G. R. McDaniel, J. Brake, and M. K. Eckman .......................... 1792

Effects of the Sequence of Measuring Nondestructive Deformation and Specific Gravity on the Quasi-Static Compression and Impact Strength of Eggs from White Leghorn Hens. R. M. G. Hamilton and B. K. Thompson ........................................ 1798

Solar Heating of Poultry Houses. 3. Design and Testing of Research Facilities. R. N. Brewer, C. A. Flood, Jr., and J. L. Koon .................................................. 1802

ENVIRONMENT AND HEALTH

Composition of Heart, Liver, and Skeletal Muscle from Broilers with Coccidiosis. M. D. Ruff, P. C. Allen, and M. B. Chute ................................................. 1807

An Evaluation of Permethrin, Carbaryl, and Amitraz for the Control of Northern Fowl Mites on Caged Chickens. C. H. Collison, R. G. Danka, and D. R. Kennell .... 1812

Decreased Pancreatic Digestive Enzymes During Aflatoxicosis. D. J. Osborne and P. B. Hamilton .......................................................... 1818

MARKETING AND PRODUCTS

Effect of Five Cycle Rapid Freeze-Thaw Treatment in Conjunction with Various Chemicals for the Reduction of Salmonella typhimurium. V. M. Olson, B. Swaminathan, D. E. Pratt, and W. J. Stadelman .......................... 1822

The Effect of Partial and Complete Caponization on Growth Rate, Yield, and Selected Physical and Sensory Attributes of Cockerels. M. G. Mast, H. C. Jordan, and J. H. MacNeil .................................................. 1827

Antimicrobial Activity of Compounds Containing Active Chlorine and Iodine in the Presence of Egg Solids. W. A. Moats ................................................. 1834

An Evaluation of a Commercially Available Marigold Concentrate and Paprika Oleoresin on Egg Yolk Pigmentation. D. L. Fletcher and H. R. Halloran ............. 1846
METABOLISM AND NUTRITION

Studies on Snail Meal as a Protein Source for Chickens. 2. Feeding Value for Laying Hens. D. C. Creswell and A. Habibie .................................................. 1861
An Apparent Rachitogenic Effect of Excessive Vitamin E Intakes in the Chick. T. P. Murphy, K. E. Wright, and W. J. Pudelkiewicz ........................................... 1873
A New Brewery By-Product for Turkey Diets. E. W. Kienbolz and R. E. Moreng . . . 1879
Eimeria acervulina Infection in the Chicken: Sulfur Amino Acid Requirement of the Chick During Acute Coccidiosis. G. M. Willis and D. H. Baker 1892
Influence of Rye Pentosans on the Growth of Chicks. T. Antoniou and R. R. Marquardt . . . 1905
Nutritional Evaluation of Mung Beans (Phaseolus aureus) for Young Broiler Chickens. D. C. Creswell ................................................................. 1910
Studies on the Riboflavin, Pantothenic Acid, Nicotinic Acid, and Choline Requirements of Young Embden Geese. J. A. Serafin .............................. 1915
Nature of the Extrametabolic Effect of Supplemental Fat Used in Semipurified Diets for Laying Hens. G. G. Mateos and J. L. Sell . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 1944
Effects of Dietary Fat on Feed Efficiency, Reproductive Performance, and In Vitro Lipogenesis by the Turkey Hen. R. W. Rosebrough, N. C. Steele, L. T. Frobish, and B. Weinland . . . 1951

PHYSIOLOGY AND REPRODUCTION

Pimpling of Egg Shells and Hatchability in Several Strains of Turkeys. K. E. Nestor and W. L. Bacon ................................................................. 1939
The Effects of Strain, Age, Time After Oviposition, and Egg Specific Gravity on Acid-Base Balance in White Leghorn Hens. R. M. G. Hamilton .......................... 1944
Procedures and Modifications for Reliable Use of the Unidirectional Microflow Respirator in the Investigation of the Carotid Body of Gallus domesticus. P. D. deWet, M. V. Dreyer, and J. D. Coetzer .................................................. 1957

RESEARCH NOTES
