CONTENTS

BREEDING AND GENETICS

Genetic Resistance to a Marek's Disease Transplantable Tumor Cell Line in Chicken Lines Selected for Different Immunological Characters. Y. Yamamoto, J. Okada, H. Matsuda, H. Okabayashi, and M. Mizutani .................................................................................................................. 1455

Comparison of Henderson's Method I and Restricted Maximum Likelihood Estimation of Genetic Parameters of Reproductive Traits. C. Beaumont .................................................................................................................. 1462

Use of the Sex-Linked Barring (B) Gene for Chick Sexing on an Eumelanotic Columbian Background. J. L. Campo .................................................................................................................. 1469

Effects of Selection for Growth and Selection Diet on Eggshell Quality and Embryonic Development in Japanese Quail. E. D. Peebles and H. L. Marks .................................................. 1474

EDUCATION AND PRODUCTION

Effect of Ahermal Light:Dark Cycles on Egg Production in Early Photostimulated Brown-Egg Pullets. R. O. Howes, N. Lakshmanan, and L. J. Kling .................................................................................. 1481

Growth and Performance of Broiler Breeders Fed Bacitracin Methylene Disalicylate and Zinc Bacitracin. B. L. Damron, H. R. Wilson, and R. V. Fell .................................................................................. 1487

ENVIRONMENT AND HEALTH

Behavioral Correlates of Male Mating Success in a Multisire Flock as Determined by DNA Fingerprinting. M.E.J. Jones and J. A. Mench .................................................................................. 1493

Effects of Air Humidity During Incubation and Age After Hatch on Heat Tolerance of Neonatal Male and Female Chicks. A.M.M. Hamdy, W. Van Der Hel, A. M. Henken, A. G. Galal, and A.K.I. Abd-Elmoty .................................................................................. 1499

IMMUNOLOGY

Peanut Agglutinin as a Marker of Maturation and Activation of Chicken Thymic-Derived Lymphocytes. Z. Uni and E. D. Heller .................................................................................. 1516

Modulation of Chicken Plaque-Forming Cells by Serotonin and Dopamine. R. S. Gray, F. M. McCorkle, K. M. Denno, and R. L. Taylor, Jr. .................................................................................. 1521

METABOLISM AND NUTRITION

The Effect of Minimizing Amino Acid Excesses in Broiler Diets. J. F. Parr and J. D. Summers .................................................................................. 1540

Effect of Dietary Protein Level and Length of Feeding on Performance and Abdominal Fat Content of Broiler Chickens. M. C. Cabel and P. W. Waldroup .................................................................................. 1550
Increased Skin Tearing in Broilers and Reduced Collagen Synthesis in Skin In Vivo and
In Vitro in Response to the Coccidiostat Halofuginone. I. Granot, I. Bartov, I. Plavnik,
E. Wax, S. Hurwitz, and M. Pines. .......................... 1559

The Effects of Various Dietary Phosphorus Levels on the Circadian Patterns of Plasma
1,25-Dihydroxycholecalciferol, Total Calcium, Ionized Calcium, and Phosphorus in
Laying Hens. T. J. Frost, D. A. Roland, Sr., and D. N. Marple. .............. 1564

The Effect of Pelleting, Salt, and Pentosanase on the Viscosity of Intestinal Contents and
the Performance of Broilers Fed Rye. M. R. Bedford, H. L. Classen, and
G. L. Campbell .............................. 1571

Composition and Nutritional Value of an Experimental High-Protein Corn in the Diets of
and J. G. Baier .............................. 1578

PHYSIOLOGY AND REPRODUCTION

Plasma, Follicular, and Uterine Levels of Prostaglandins in Chickens Laying
Soft-Shelled and Shell-Less Eggs. P. Y. Hester, N. F. Newlon, and
P. M. Klingensmith .............................. 1585

Influence of Diet-Mediated Maternal Thyroid Alterations on Hatchability and Metabolism
of Turkey Embryos. V. L. Christensen, W. E. Donaldson, J. F. Ort, and
J. L. Grimes .............................. 1594

Performance of Two Male Broiler Breeder Strains Raised and Maintained on Various
Constant Photoschedules. J. A. Renden, S. S. Oates, and M. S. West. ....... 1602

Hypothalamic Biogenic Amine Levels in Broiler Chicks Showing Advanced Sexual
Maturation. B. A. Davison and W. J. Kuenzel .............................. 1610

The Effects of Busulfan on Gonadal Differentiation and Development in Japanese Quail
(Coturnix coturnix japonica). J. S. Hallett and B. C. Wentworth .............................. 1619

PROCESSING AND PRODUCTS

Characteristics of Chicken Frankfurters Formulated with Varying Levels of Pork and
Chicken Fats. A. R. Sams and F. N. Diez .............................. 1624

RESEARCH NOTES

Research Note: β-Adrenergic Agonist Effects on Liver and Breast Muscle
Protein Synthesis in Female Chicks. T. Muramatsu, M. Kakita, Y. Aoyagi, and
J. Okumura .............................. 1630

Research Note: Ability of Fenthion to Increase Gizzard Erosion in Broiler
Chicks. S. Lavandero, M. Neira, C. López, R. Gallardo, E. Guerrero, and
M. Rutman .............................. 1633

Research Note: Bioavailability of Zinc-Methionine for Chicks. J. L. Pimentel,
M. E. Cook, and J. L. Greger .............................. 1637

Research Note: Current Methods Used in Determination and Evaluation of Tibia
Strength: A Correlation Study Involving Birds Fed Various Levels of Cholecalciferol.
T. J. Frost and D. A. Roland, Sr. .............................. 1640

Research Note: Acceptability of Broken-Out Eggs Stored in Polypropylene Containers.
O. A. Pike, C. S. Huber, and R. C. Baker .............................. 1644

Research Note: Absence from Avian Eggshell Membranes of Epitopes Recognized by
Anti-Keratin Antibodies. J. L. Arias, M. S. Fernandez, and A. I. Caplan .............................. 1647

Research Note: Effect of Excess Lysine, Methionine, Threonine, or Tryptophan on
Production Performance of Laying Hens. K. W. Koelkebeck, D. H. Baker, Y. Han, and
C. M. Parsons .............................. 1651

ASSOCIATION NOTES

Erratum .............................. 1654
